FINISHING

Finish the threads ends neatly.

WASHING

To get a really nice, cosy and hairy beanie, you need to wash it, use a sustainable detergent for wool. You can either wash by hand or by using a washing machine wool program at 30° C. Next put in a warm dryer for only 1 minute (really!) and then in a cold dryer for 10 minutes. In this way the mohair will show the qualities they are famous for.
